

BAYSIDE BUSINESS ASSOCIATION

Bayside Business Association begins a networking and marketing initiative

On March 9, the Bayside Business Association held a networking get together and buffet to help local area merchants find new ways to bring potential clients to their business. The get together featured a guest speaker that addressed ways to build resources and network within their community. The meeting was held at Slate. There are plans to have a monthly networking get together on the 2nd Wednesday of every month. The next meeting is scheduled to be held at Slate on Wednesday, April 13, 2005 from 5:30-7:00. If you are interested in attending, please call the BBA.

Beginning later this year, the Bayside Business Association will undertake a large scale marketing campaign for the Bayside area businesses. The goal is to compile a complete list of all the Bayside area businesses. The booklet will include as much information as possible about the businesses. It is the hope of the BBA to make the local community as well as neighboring communities aware of the wonderful shopping experience we have located right here in the beautiful area of Bayside.

The Bayside Business Association welcomes new members that are interested in taking an active role in making the Bayside community a better place to live and shop. Meetings for the organization are held the third Thursday of each month. If you are interested in becoming a member or want more information about the BBA, please contact us . Together we can make Bayside a better place.

Mission Statement

The Bayside Business Association was founded in 1997 to help develop Bayside into a model shopping district, educate Bayside businesses, and address issues that would inhibit business.

The organization's purpose is to provide the community with a family-oriented atmosphere, where business owners know their customers by name.
