

BAYSIDE BUSINESS ASSOCIATION

Bayside Business Association headquarters' renovation near completion

The headquarters for the BBA located at the LIRR freight building is in its final stages of renovation. Once the building is opened, it will be a place where the community can get information about the local area businesses. It is the goal of the BBA to provide the community of Bayside with a centralized location for them to address their thoughts and concerns. The building will be open to the public weekdays from 10am – 2pm. We would like to extend a sincere thank you to the LIRR for helping us with this major initiative.

The Bayside Business Association held its first networking get together and buffet in March. The networking series was designed to help local area merchants find new ways to bring potential clients to their business. The get together features a guest speaker that addresses ways a business can build resources and network within their community. Each month you will learn a new and innovative way to help make your business more successful. The monthly get togethers are held at Slate 45-18 Bell Blvd on the 2nd Wednesday of every month from 5:30pm - 7:00pm. Members are \$10, non-members are \$20. Price includes the hot buffet and soft drinks. A cash bar is also available. If you are interested in attending, please contact the BBA.

The Bayside Business Association welcomes new members that are interested in taking an active role in making Bayside a better place to live and shop. Meetings for the organization are held the third Thursday of each month at 9 am at Slate. If you are interested in becoming a member or want more information about the BBA, please contact us. Together we can make Bayside a better place.

Mission Statement

The Bayside Business Association was founded in 1997 to help develop Bayside into a model shopping district, educate Bayside businesses, and address issues that would inhibit business.

The organization's purpose is to provide the community with a family-oriented atmosphere, where business owners know their customers by name.
